

Call for Symposia Proposal

CCNP 2023 Meeting

45th Annual Meeting

September 21-23, 2023 Toronto, ON

Dear Colleagues:

We would like to invite you to propose symposia for the 2023 meeting of the **Canadian College of Neuropsychopharmacology** to be held at the Faculty Club (41 Willcocks St, Toronto, ON M5S 3G3) from September 21-23, 2023.

Symposia proposal should include:

- (1) identification of the Chair(s),
- (2) a brief synopsis of the symposium theme (~ half a page),
- (3) a confirmed list of 3 speakers, including institutional affiliations, and
- (4) tentative titles plus a brief summary of each talk (3-4 sentences).

- Each of the 3 presentations will last 20 minutes which allow for a 15-min presentation and a 5 min discussion period.
- An individual **cannot** be listed as a presenter on more than **1 submitted proposal**
- The registration fee for speakers will be waived

Symposia should focus on topics that are timely and of broad interest to the CCNP membership. Multi-institutional submissions with a translational component and a mix of junior and senior researchers are considered a strength. We encourage individuals from equity seeking groups and reflecting the diversity of Canadian society to be included as presenters.

We look forward to seeing you in Toronto!

Proposals should be emailed as Word or PDF attachments to Rachelle Anderson at rachelleanderson16@gmail.com.

Deadline for Submission: June 20th, 2023
