

Exploring Life Satisfaction and Positive Mental Health Before and After COVID-19 Annual Knowledge Translation Event

Objectives

🌱 Raise awareness about the importance of mental health and life satisfaction

🌍 Disseminate up-to-date research findings, data, and insights related to life satisfaction and positive mental health

🌸 Facilitate open discussions and dialogues to share knowledge, experiences, and best practices.

🌟 Join us for an illuminating journey into the realm of life satisfaction and positive mental health, where we delve deep into the transformative effects of the pandemic. In this Knowledge Translation event, we want to decipher the intricate tapestry of human emotions and experiences.
